

**Week of March 19-20** - complete these over the course of two days. You should not do this all at once.

## Warm-up (two)

Submit two recordings of your warm-up (in Google Classroom), including:

1. **Long Tones** - any two lines at a forte dynamic and one line at a piano dynamic
2. **Supper Slurs**
3. **Smooth Slurs**
4. **Extended Slurs**
5. **Shawarma** for all brass players & percussion, Overtones for saxophones & Reversed Supper Slurs for oboe, bassoon, clarinet, & bass clarinet

Use funny or creative additions like wearing a sombrero, a unique introduction to your warm-up, or the addition of a bobble head doll. Create your own ideas. Mesner will post the three most creative or funny “warm-up enhancers” on the 8th grade comment stream in Google Classroom each day.

Playing your your warm-up wearing a sombrero or swimming goggles or Tristian’s UW hat

Introduce your warm-up by leaning into the microphone on your Chromebook and breath on it saying “whhhooo, paaaaaa...whhhooo, paaaaa - Mesner, this is my warm-up...”

Introduce your warm-up by saying “on Wednesdays we warm-up” (that would be so fetch...)

Introduce your warm-up by saying “my name is Inigo Montoya, you killed by father, Prepare to warm-up”

Introduce your warm-up saying “Bears, Beets, Battlestar Warm-up”

Play your warm-up with a bobble head nodding their bobble head YES!

## **Smartmusic**

There are two new Smartmusic assignments for *Prairie Dances* labeled 2A & 2B (this might include parts you have already played combined into a longer segment). Reach a score of 90% or higher and submit.

Remember that Smartmusic is most helpful as a source of information. Don't just do a bunch of full takes of the complete assignment. Identify the part of the assignment that is tricky and isolate that part, slow it down, practice apart and then try the assignment again.

Percussion - you can either play your part with Smartmusic or clap the rhythms

## **Concert C Major**

Record your Concert C major & arpeggio and submit through Google Classroom.

## **Folk Song of Climbing Mountain**

Listen record with the posted Youtube link of Folk Song of Climbing Mountain and answer the questions on the Google form.
